Indexuri pentru citate	Toate	Din 2011
Referințe bibliografice	131	102
h-index	7	5
i10-index	2	2

Titlu 1–20	Citat de	Anul
GSM based solution for monitoring and diagnostic of electrical equipment C Pancu, A Baraboi, M Adam, A Plesca WSEAS International Conference. Proceedings. Mathematics and Computers in ...	21	2009
Numerical thermal analysis of fuses for power semiconductors A Pleșca Electric Power Systems Research 83 (1), 144-150	13	2012
Reliability centered maintenance of the circuit breakers M Adam, A Baraboi, C Pancu, A Plesca International Review of Electrical Engineering 5 (3)	9	2010
A complete 3D thermal model for fast fuses A Plesca Electric Fuses and their Applications, 2007. ICEFA 2007. 8th International ...	9	2007
Overcurrents protection device A Plesca Patent RO 119396	7	2005
Special cartridge for HRC fuses A Plesca Patent RO 120107	7	2005
Modular fuse for protection of installations with semiconductors A Plesca Patent RO 117953	7	2002
Thermal analysis of fuses and busbar connections at different type of load variations A Plesca International Review on Modelling and Simulations 3 (5), 1077-1086	5	2010
Thermal simulations of fast fuses for power semiconductor devices protection A Plesca Proc. of the 7th Int. Conf. on Electric Fuses and their Applications (Gdansk ...	5	2003
High breaking capacity fuses with improved cooling A Pleșca International Journal of Thermal Sciences 70, 144-153	4	2013

Titlu 1–20	Citat de	Anul
Thermal analysis of overload protection relays using finite element method AT Plesca Indian Journal of Science and Technology 6 (8), 5120-5125	4	2013
Busbar heating during transient conditions A Pleșca Electric Power Systems Research 89, 31-37	4	2012
Thermal analysis of power semiconductor fuse A Plesca, M Adam, A Baraboi, C Pancu International Review on Modelling and Simulations (IREMOS) 1 (1), 129-134	4	2008
New Device to Adjust on Load the Voltage Level at Power Transformers A Plesca, M Adam, A Baraboi, C Pancu INTERNATIONAL REVIEW OF ELECTRICAL ENGINEERING-IREE 4 (1), 66-74	3	2009
About a New Type of Fuse Based on the Controllable Fusing Effect A Plesca Advances in Electrical and Computer Engineering 9 (2)	3	2009
Thermal analysis of a traction system with double conducting points in steady state conditions A Pleșca Electric Power Systems Research 97, 126-132	2	2013
Thermal analysis of the current path from circuit breakers using finite element method AT Plesca World academy of science, Engineering and Technology 72, 12-29	2	2012
Busbar temperature monitoring and correlation with protection electrical apparatus A Plesca International Review of Electrical Engineering 6 (5)	2	2011
Thermal transient regime analysis for fuses and power semiconductors A Plesca International Review on Modelling and Simulations 3 (5), 1070-1076	2	2010
Optimum vias distribution to a printed circuit board A Plesca Journal of Electrical Engineering 59 (6), 332-338	2	2008

Indexuri pentru citate	Toate	Din 2011
Referințe bibliografice	131	102
h-index	7	5
i10-index	2	2

Titlu 21–40	Citat de	Anul
Overcurrent protection systems for installations with power semiconductors A Plesca Ph. D. Thesis, Department of Power Engineering, Gh. Asachi Technical ...	2	2001
Thermal analysis of sliding electrical contacts with mechanical friction in steady state conditions A Plesca International Journal of Thermal Sciences 84, 125-133	1	2014
Electric arc power collection system for electric traction vehicles A Pleșca International Journal of Electrical Power & Energy Systems 57, 212-221	1	2014
Mechanical analysis of power electromagnetic contactors AT Plesca Indian Journal of Science and Technology 6 (8), 5109-5114	1	2013
Power Losses and Thermal Analysis of Power Rectifiers AT Plesca Indian Journal of Science and Technology 6 (7), 4976-4982	1	2013
Thermal Analysis of the Fuse with Unequal Fuse Links Using Finite Element Method AT Plesca Proceedings of World Academy of Science, Engineering and Technology, 1271	1	2012
Theoretical Aspects Related to Active Force Evaluation in the Case of Electromagnetic Devices A Plesca International Review on Modelling and Simulations 4 (2)	1	2011
Thermal Analysis of Power Semiconductor Converters A Plesca INTECH Open Access Publisher	1	2011
Analysis of the fuses' electro-thermal field/Saugikliu elektroterminio lauko tyrimas A Plesca Elektronika ir Elektrotechnika, 85-89	1	2010
Considerations About Controlled Capacitors	1	2010

Titlu 21–40	Citat de	Anul
A Plesca Journal of Electrical Engineering 61 (3), 189-192		
Thermal Aspects Related to Power Assemblies A Plesca, A Scintee Advances in Electrical and Computer Engineering 10 (1), 23-27	1	2010
Installation for testing, adjustment and control of three-phase low voltage automatic ac circuit breakers, with dynamic switching A Scntee, A Plesca 3rd International Symposium on Electrical Engineering and Energy Converters	1	2009
Aspects Regarding the Controlled Switching of the Circuit Breakers M Adam, A Baraboi, C Pancu, A Plesca INTERNATIONAL REVIEW OF ELECTRICAL ENGINEERING-IREE 3 (5), 759-767	1	2008
3D modelling and simulation of toroidal transformers A Pleșca The 16th IASTED International Conference on Applied Simulation and Modelling ...	1	2007
Optimal Adjustment of Voltage Level at Power Transformers to Improve the Power Quality A Plesca, M Licau Power System Technology, 2006. PowerCon 2006. International Conference on, 1-6	1	2006
Numerical Thermal Analysis of Fuse Mounted on Fuse Holder A Pleșca Heat Transfer Engineering 36 (18), 1518-1524		2015
Analysis of the Fuses' Electro-Thermal Field A Pleșca Elektronika ir Elektrotehnika 104 (8), 85-88		2015
Thermal analysis of eutectic alloy at HBC fuses LG Bujoreanu, NM Lohan, MG Suru, A Plesca JOURNAL OF OPTOELECTRONICS AND ADVANCED MATERIALS 17 (9-10), 1500-1506		2015
Control Method for Electric Fuses with Controllable Fusing AT Plesca Indian Journal of Science and Technology 6 (7), 4971-4975		2013
Modular Installation for Electromechanical Processes AT Plesca Indian Journal of Science and Technology 6 (7), 4983-4989		2013

Titlu	Citat de	Anul
Thermal Analysis of a Sliding Electric Contact System Using Finite Element Method AT Plesca Proceedings of World Academy of Science, Engineering and Technology, 403		2013
Thermal Analysis of Toroidal Transformers Using Finite Element Method AT Plesca Proceedings of World Academy of Science, Engineering and Technology, 411		2013
High power fuse AT Plesca, CG Cantemir US Patent App. 13/308,615		2011
TUTORIAL: Three Dimensional Modelling and Simulation Aspects Related to Fuses for Power Semiconductors Protection A Plesca International Review on Modelling and Simulations 3 (5), 1162-1166		2010
Application of power modular current sources to test high breaking capacity fuses A Plesca, E Furnica Proceedings of the 9th WSEAS international conference on Applications of ...		2010
Testing of high breaking capacity fuses using modular current sources A Plesca, E Furnica WSEAS Transactions on Circuits and Systems 9 (2), 121-131		2010
Testing of Power Electrical Apparatus Using Modular High Current Source A Plesca, A Scintee International Review of Electrical Engineering 5 (3)		2010
3D Thermal Analysis of a Power Supply Busbar Structure A Plesca, A Scintee ASME 2010 10th Biennial Conference on Engineering Systems Design and ...		2010
New Aspects Related to High Breaking Capacity Fuses A Plesca, A Baraboi, M Adam, C Pancu International Review of Electrical Engineering 4 (5)		2009

2008

Titlu 41–60	Citat de	Anul
Multiple Non-Linear Resonance Phenomena in Circuits with an Orthogonal Magnetising Controlled Reactor A Baraboi, M Adam, A Plesca, C Pancu INTERNATIONAL REVIEW OF ELECTRICAL ENGINEERING-IREE 3 (6), 1039-1047		
Optimum Vias Distribution for a Printed Circuit Board Using 3D Modelling and Simulation A Plesca, A Baraboi, M Adam, C Pancu INTERNATIONAL REVIEW OF ELECTRICAL ENGINEERING-IREE 3 (4), 613-620		2008
3 D Modelling and Simulation of Fast Fuses for Power Semiconductors A Plesca Applied Simulation and Modelling: 15 th IASTED International Conference ...		2006
Sensors for current and voltage three-phase systems checking P Leonte, AT Pleșca Power System Technology, 2002. Proceedings. PowerCon 2002. International ...		2002
About the possibility of overcurrent power semiconductor protection using controlled fusing AT Plesca, P Leonte Semiconductor Conference, 2001. CAS 2001 Proceedings. International 2, 489-492		2001
VOLTAGE STABILIZER WITH ORTHOGONAL POLARIZED TRANSFORMER Adrian Plesca Gh. Asachi Technical University of Iasi Blvd. D. Mangeron, 51-53, Iasi–700050 S SA		
Testing of High Breaking Capacity Fuses Using Modular Current Sources APE FURNICA		
Application of Power Modular Current Sources to Test High Breaking Capacity Fuses APE FURNICA		
LABVIEW APPLICATION TO CONTROL A NEW TYPE OF HIGH BREAKING CAPACITY FUSE A Plesca		
POSSIBILITIES TO SUPPLY THE RAILWAY ELECTRIC VEHICLES THROUGH THE ELECTRIC ARC G CHIRIAC, C NITUCA, A PLEȘCA		
Thermal Analysis to Power Assemblies A PLEȘCA, A BARABOI, A SCÎNTEE, P LEONTE
